Get CQ[®] & Get CEUs / PDUs

Effectively managing change is critical to career success, not to mention the health of your entire organization. As a leader, you may have asked yourself:

- ✓ What if you could dramatically increase the probability that your change initiatives will succeed, that your people will buy-into changes, and that your organization will obtain a return-on-investment?
- ✓ What if you could teach yourself, your team members, or your clients to become better change agents?
- ✓ What if you could stop struggling with the rotating "Program of the Month", and see the changes your team needs to make to survive and thrive actually take root?

Now you have an opportunity for you to get certified in a powerful new system that will enable you to boost your own Change Intelligence[®] as well as the CQ[®] of those you lead, coach, and support!

If you are looking for "a new way" to get results, CQ[®] is the tool for you!

What is the CQ[®]/Change Intelligence[®] Certification Process?

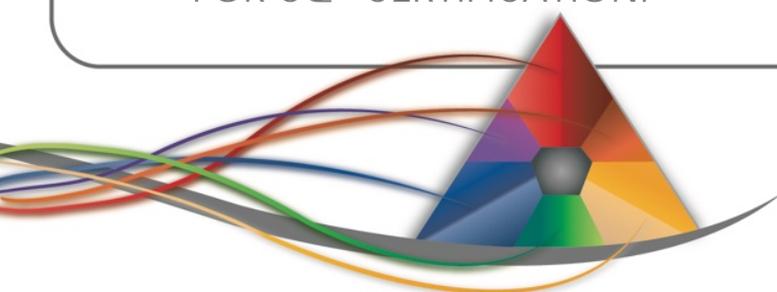

CQ[®] Certification equips participants with strategies and tools that go beyond information to insight; that are immediately accessible, applicable, and actionable on the job; and that can be used with the change agents you coach, teams you facilitate, and organizations you lead.

What's your

CQ[®]?

Enhance your career by investing in your development as a Change Leader! Build Change Leader capacity at all levels in your organization, and for your clients!

You've heard of "IQ" - raw "intellectual" intelligence. You've heard of "EQ" - emotional intelligence. But what about "CQ[®]" - Change Intelligence[®]? Reorganizations, mergers, acquisitions, downsizing, job transitions – the modern workplace is replete with change.

Yet, according to various estimates, as many as 70% or more of change efforts fall short of expectations. With so much experience with change, what have we learned?

CQ[®] (Change Intelligence[®]) is the awareness of one's own Change Leader Style, and the ability to adapt one's style to be optimally effective in leading change across a variety of situations.

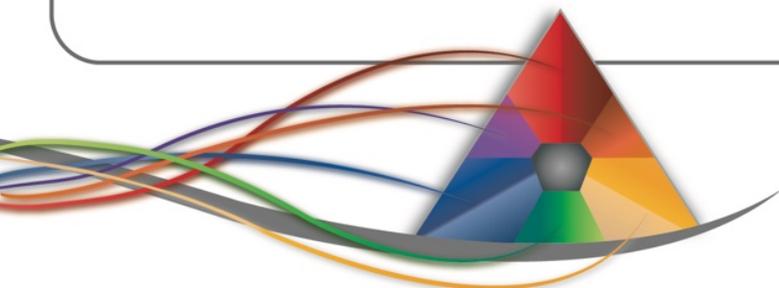

We each have our own unique Change Leader Style. Powerful Change Leaders "start with the heart," "engage the brain," and "help the hands" move in positive new directions. By building Change Intelligence, Change Leaders (from the C-suite to the front line) are able to overcome what looks like resistance, but is really either confusion over the goal (no "head"), lack of connection to the goal (no "heart"), or lack of tactics and training (no "hands") to partner together to work toward the goal.

Leaders who get CQ[®] get results. Consultants and coaches who get CQ[®] get results for their clients, teams, and organizations.
